# MARCUS GAFFNEY

During my 25-year corporate career, after resisting for many years, I followed a deep inner calling that led me on a profound journey of self-discovery and transformation. Through this journey I have come into far greater alignment with my soul's purpose, moving from disconnection into deeper connection and from living in fear and limitation to living more fully through love.

This has led to significant changes in many areas of my life, most importantly in the relationship I have with myself, which is reflected directly in the world around me.

Drawing on my life experience, along with training in hypnosis, expansive consciousness practices, breathwork, and rites-of-passage frameworks, I create powerful spaces for transformation.

This retreat follows a path, a philosophy, that has led me to an increased level of consciousness, a strong relationship with my higher self and an upgrade of my belief system; allowing me to follow what genuinely excites me on my life's many adventures.

It re-ignited my inner fire.

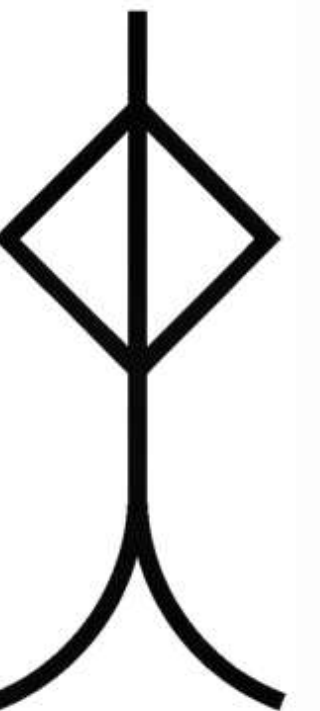

# JEWELLI DOVA

I'm here to help you remember who you truly are. I support savvy, soulful, successful women like you, to transcend limiting beliefs and rise to your purpose in much greater ways.

My entheogenic experience spans many decades, continents and cultures, shaping my unique approach to what I call Oneness Meditation. My academic roots in psychology, alongside 15 years of holistic counselling, help me bridge modern perspectives with ancient shamanic wisdom.

I've helped thousands of people have mindblowing, life-changing oneness journeys. To align with your deepest values. Amplify your impact. And create a life that truly reflects the best of who you are.
